Dear Caroline

I have taken over from Terry Winstanley and represent Kwandwe Private Game Reserve. Please will you include my name and contact details in your database so that I will receive notification of all documents made available to interested and affected parties.

We are unable to consult effectively with our client for the foreseeable future due to Covid- 19 concerns and the need for social distancing during this time. The current crisis is impacting on our client's ability to engage meaningfully with the public participation process and in reviewing the DEIR and associated documents. Please will you advise as a matter of urgency whether the DEFF has given any direction regarding the timeframe for the current comment period.

We are doing what we can but we are not going to be in a position to submit all our client's comments by 15 April 2020 and reserve our client's rights in this regard.

In the meantime please could you send me the proposed turbine layout as a kmz file.

Kind regards

Richard Summers

Dear Albany WEF Stakeholder / I&AP

The National Lockdown will undoubtedly have ramifications on the Public Participation Process (PPP) for the proposed Albany WEF. At this stage we are awaiting feedback from the competent authority (The Department of Environment, Forestry and Fisheries) for guidance on two matters. The first matter is the case of the Public Meeting (this query was sent to DEFF last week) and the second matter the case of project timeframes in terms of the public review of documentation (this query was sent to DEFF today).

We will issue further communication regarding the way forward once we have received feedback from the Department.

Kind regards
Caroline

Dear Albany WEF Stakeholder / I&AP

The Department (DEFF) has issued a communication which has not yet been gazetted but which has been endorsed in principle. Once the notice has been formally gazetted then we will share this with all Stakeholders and I&APs. With the following extract as reference (please see below, **bold** for emphasis) CES hereby notifies you that the Public Participation Process (PPP) for the proposed Albany WEF will be extended from the 27th of March 2020 until our President, Mr Cyril Ramaphosa, terminates the National State of Disaster (declared for the COVID-19 pandemic in Government Notice No. 313 in Government Gazette No. 43096 of 15 March 2020).

"2. In order to curtail the threat posed by the COVID-19 pandemic and to alleviate, contain and minimise the effects of the national state of disaster and to ensure fair processes, especially relating to licensing processes, public participation processes, appeals processes, reporting and the provision of waste management services, the following directions will apply:

(a) Directions relating to environmental authorisations as contemplated in the **National Environmental Management Act, 1998 (Act No. 107 of 1998)**, the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008) and the National Environmental Management: Air Quality Act, 2004 (Act No. 39 of 2004)

(i) The following timeframes are hereby extended, or regarded as being extended, by the number of days of the duration of the National State of Disaster declared for the COVID-19 pandemic in Government Notice No. 313 in Government Gazette No. 43096 of 15 March 2020, with effect from 27 March 2020 until the termination of the national state of disaster:

(aa) Timeframes prescribed in terms of the Environmental Impact Assessment Regulations 2014, published in terms of section 24(5) of the National Environmental Management Act, 1998 (Act No. 107 of 1998), or as contained in any environmental authorisation issued in terms of the Environmental Impact Assessment Regulations, 2014, including any condition contained in an environmental authorisation relating to the period of validity of an environmental authorisation, the period relating to an extension of the validity period of an environmental authorisation and the requirement to submit an environmental audit report, which periods lapses or falls within the period of the duration of the national state of disaster;”

For those Stakeholders and I&APs who are currently reviewing the documentation, we welcome all queries and comments at any stage during the PPP. Once the National State of Disaster has been terminated we will issue further communication regarding the way forward in respect of the PPP.

Please do not hesitate to contact me should you have any queries.

Kind regards
Caroline

Hi Caroline,
Thank you for communications. I did not get to view docs before lockdown - might it be possible to email ?
thanks Tally

Hi Tally

My pleasure.

All docs have been available on our website since the 13th of March – please have a look and see if you are able to download them from here: <http://www.cesnet.co.za/albany-wind-energy-facility-grahamstown>

Please let me know if you have any issues downloading what you're looking for!

Kind regards
Caroline
