

ENVIRONMENTAL AND SOCIAL ADVISORY SERVICES

26 November 2018

To our valued customers, suppliers and colleagues

Transfer of Coastal and Environmental Services (Pty) Ltd from EOH Mthombo (Pty) Ltd to NEXTEC Industrial Technologies (Pty) Ltd

In March this year, the EOH Holdings group of companies reconfigured the Group into two distinct and independent businesses, namely EOH and NEXTEC.

Coastal and Environmental Services is pleased to announce that NEXTEC Industrial Technologies (Pty) Ltd has acquired the shares in Coastal and Environmental Services (Pty) Ltd.

NEXTEC has a large number of industry specialists and substantial experience in high growth industries across the African continent, and delivers people and technology solutions that enable businesses to realise their true potential. NEXTEC combines skilled industry experts and latest technology with best practice to create communities that are efficient, smart, safe and secure.

Coastal and Environmental Services (Pty) Ltd will now once gain operate as **CES**. However, we have rebranded by giving our logo a more contemporary look and feel, which more accurately reflects who we are, the work we do, and where we do it. We work across Africa and elsewhere in developing economies, and offer a wide range of social and advisory services. Please visit www.cesnet.co.za for more information.

The existing Management Team of CES will continue to be the driving force behind our product and service offering. CES aims to remain one of the leading service providers in the environmental and social advisory space.

The following remain unchanged:

- CES Executive and Management team
- CES relationship with customers, suppliers and alliance partners
- CES service delivery or contractual obligations
- CES head office in Grahamstown
- CES communication numbers and addresses
- VAT number, Company registration number and banking details

We would like to ask you to make any changes to your records that might be required, and to forward this document to anyone who may require this information. For further questions, please contact Dr Ted Avis or Dr Alan Carter.
