## PROFILE

### Ms Rosalie Evans

Rosalie is a Senior Environmental Consultant with more than 4 years' experience and she is based in the Port Elizabeth branch. She holds a BA degree in Social Dynamics with majors in Geography and Psychology as well as a BA Honours degree in Geography and Environmental Studies, both from Stellenbosch University. Rosalie's honours dissertation analysed the role of small grains in soil carbon sequestration in the agricultural sector of the Western Cape. Rosalie completed the Introduction to Environmental Impact Assessment Procedure Short Course by EOH Coastal & Environmental Services and the Department of Environmental Science Rhodes University as well as the Estuary Management Short Course by Nelson Mandela University (NMU). In addition, Rosalie is a member of the Land Rehabilitation Society of Southern Africa (LaRSSA) and a member of the International Association for Impact Assessment (IAIA). Her focuses include the general Environmental Impact Assessment (EIA) process, the Public Participation Process, NEMA Section 24 (G) Applications and associated rectification reports, Water Use Applications and accompanying Risk Assessments, GIS Mapping, Agriculture and Soils Assessments, Estuarine Assessments and Tourism Assessments.
