

ROUND TABLE GOLF DAY

Round Table is an association that promotes charitable objectives and service to the community.

On Thursday 27 April 2017, Grahamstown Round Table hosted a Charity Golf Day at the Belmont Golf Course. The charitable day received generous support from various businesses with an encouraging field of golfers participating in good weather conditions. The tournament format involved a scramble drive off each tee box and mulligans were on sale to support fund raising and competition amongst the various four-balls.

An impressive prize of R100 000 was on offer to the golfer that could sink a hole in one on the 16th. This was not achieved, however Ralph Koster managed to achieve a hole-in-one on the 5th hole.

At the end of the day, many golfers participated in a competition involving attempts to sink a putt, situated 18m from the pin. This putting competition had been enabled by Frontier Brokers of Grahamstown. Remarkably a novice golfer in Jay Kruise, managed to sink the putt and in so doing secured a prize of R20 000.

In the late afternoon an impressive list of opportunities and items donated by businesses and socially responsible parties were auctioned off and this raised R87 000 for Round Table's 2017/18 charitable objectives.

Additional generous sponsors enabled each four-ball to receive a prize based upon their finishing positions. Congratulations to the winning 4-ball of golfers on the day: Mike Maribini, Grant Gordon, John Knott and Tom Miller. Grahamstown Round Table look forward to hosting another Charity Golf Day in 2018.

Special thanks to the Belmont Golf Course and the following businesses and persons who made generous donations to support the event.

THANK YOU!
