## PROFILE

### Miss Hlumela Mduduma

Hlumela Mduduma is an environmental consultant in the East London branch. In addition, Hlumela completed a BSc degree with majors in Geology and Chemistry and a BSc Honours degree in Geology from the University of Fort Hare. She then completed her MSc in Geology (Hydrogeology) from the University of KwaZulu- Natal. Hlumela's Masters dissertation focused on the Hydrochemical Characterization of the Northern KwaZulu-Natal historic coal mining districts, where she investigated the success of the governments' groundwater rehabilitation strategy on northern KwaZulu-Natal's abandoned coal mines. She has assisted in a number of aquatic as well as vegetation specialist studies and has experience in a number of Water Use license Related Applications, Basic Assessment Reports, Environmental Management Plans as well as the Public Participation Process. Hlumela is interested in all aspects of environmental quality management.
