PROFILE

Mr Lungisa Bosman

Mr. Bosman holds a Bachelor of Social Science (1993) from U.C.T, with majors in Public Administration & Sociology, and a Post Graduate Diploma in Organisation and Management. Over the past fifteen years Lungisa has gained considerable experience in social facilitation and community engagement. He is currently working full-time as a senior consultant for Coastal & Environmental Services (CES) involved in a number Environmental Impact Assessments (EIAs) and Resttlement Action Plans (RAPs), specifically doing Social Impact Assessment (SIAs). These studies involved a number of social and community survey and also stakeholder engagement proceses. Lungisa has been involved in doing SIAs and social survey for a number of projects in and outside South Africa. Some of these projects include but not limited to the Knysna Bypass EIA; Qolora Aquaculture, Triton Graphite (Nicanda Hills and Ancuabe) Mine, Megaruma Ruby Mine, Syrah Balama Graphite Mine, LGR-SA Forestry Planation. Some of the resettlement projects he has been involved in include but not limited to Chibuto Corridor Sands EIA; LGR-SA Forestry Planation RAP and Syrah Balama Graphite Mine SIA & RAP in Mozambique Murrimo Macadamia Plantation Gurue, Mozambique. He has recently been involved in an audit for a RAP in Malawi.
