

published Fine-Scale Plans concerning the Critical Biodiversity Area conservation network, as well as the National Freshwater Ecosystems Priority Areas map; available at <http://bgis.sanbi.org>. Positions of protected plant species (i.t.o. the Ordinance; and National Forest Act, 1998 (Act No. 84 of 1998) as amended) must be recorded with a GPS and indicated on a vegetation map and further alternative layout plans.

CapeNature reserves the right to revise initial comment and request further information based on any additional information that may be received.

Yours sincerely

Benjamin Walton
