Dear Muranda and all the staff at the CES,

We would just like say a huge thank you for the very generous donation of R2000 as well as the 75 bags of dog food. We have kept the dog food aside and will use this at our upcoming spay day which will, hopefully, take place in October. All the dogs we sterilize will be returned home with a bag or two of dog food which was donated.

Once again, thank you for supporting the PHOENIX and for helping us to help those who cannot speak for themselves.

With kind regards,

Rika Ferreira
